Miss Janet Williamson, chairman of the programme committee for the singing of the music section of the Ladies' Literary club yesterday afternoon.

Unusually attractive programme was carried out at the meeting of the music section of the Ladies' Literary club yesterday afternoon at the clubhouse, under the direction of Miss Janet Williamson, chairman of the programme committee. The members of the committee were Miss M. Austin, Mrs. P. R. Johnson, Mrs. J. T. Treasure. Those furnishing musical numbers were Mrs. A. Boddy and Mrs. J. T. Treasure, in duet; Clarence Burton, in violin; Mrs. D. W. McAllister, in vocal; Albert Freeman, in violin solos; Frank E. Johnson, in vocal solos; Jack Taylor, in vocal solos; E. Shelton gave an excellent "Teaching the Violin." Mr. Skelton took the position that in teaching the individuality of the pupil be studied and that the teaching should meet individual requirements. The two violinists on the programme were Mr. Skelton's pupils, and good illustrations of the quality of teaching. The second to appear on programme, Albert Freeman, is blind. Selling gave an interesting "Chamber Music," otherwise music to stringed instruments. The singing of the section will be on Saturday's day. Features commencing of the day will be introduced into the programme and the day will be celebrated in a social way by the use of tea. PAVING EXTENSIONS FORMALLY ORDERED

Contracts Will Soon Be Let for Work on Third Avenue; also on E Street.

Third avenue will be paved this year from E street to Virginia street and E street will be paved from South Temple to Third avenue. This was decided by the city commission yesterday morning by a unanimous vote, though on the question of material to be used a vote of three to two was recorded in favor of bitulithic as against Utah rock asphalt. The city's share of the cost will be \$24,100, which was appropriated accordingly. Work will begin as soon as the contract can be let. This is one of the main paving improvements to be undertaken this year. The original petition for the improvement called for the use of bitulithic material and it was on this petition that the commission voted yesterday. It is understood, however, that the rock asphalt interests are circulating a petition along the street calling for the use of that material, and a fight such as is being waged on Thirteenth East street may develop.
